

TOM MIXSON IS AGAIN IN JAIL

Convicted for Toting a Pistol and Resisting an Officer.

CALLED OFFICER BAD NAMES

And as a Result of the Trouble Marshal Bryant Sustained Several Painful Teeth Wounds—Mixon Must Serve Another Term.

From Saturday's Daily Sun: Tom Mixson, one of High Springs' well-known characters, is again behind the bars of the Alachua county jail upon a charge of carrying concealed weapons and resisting an officer in the discharge of his duty, and will now be compelled to serve three months in the county jail.

The prisoner, who is well-known to everybody in that section, was arraigned before Justice Bexley at High Springs Friday morning, when he received this sentence. He was fined \$100 and costs or three months on the "gang," and, failing to raise the money, will be compelled to serve time. He does not mind to serve the time, apparently, as he was in a perfectly jocular mood when Marshal George Bryant landed with him in Gainesville Friday noon.

It is stated that young Mixson took a revolver belonging to his father out of a trunk in the room, when the parent made complaint. Mixson was apprehended by Marshal Bryant, who attempted to arrest him, but Mixson showed resistance. The revolver was found in the bosom of his shirt, however, and after a lively tussle, which was animated in every sense of the word, and after the marshal had been bitten in several places, the man was conquered and landed in the High Springs jail, over night. The result of his trial the following morning is stated above.

Mixon is regarded by the good people of High Springs as one of the "bad ones," and has caused all sorts of trouble in that town. The people of High Springs are endeavoring to get rid of such characters, and will probably succeed after a lot of hard work.

Mixon is now in jail, and will no doubt be taken to the mines in a day or two.

Dance at Arredondo.

The young people of the Arredondo section enjoyed a dance at the home of Mr. and Mrs. Alkens, Arredondo, Wednesday evening. The affair was attended by quite a number from the neighborhood, and a few from this city. Until a late hour the young folks revelled in tripping the light fantastic toe, and the occasion will long be remembered by those present. It is understood that there will be another dance at the home of Mr. and Mrs. Pettit, Tigra, tonight.

DEATH OF MRS. M. B. TURNER.

One of Levy County's Most Estimable Ladies Is No More.

Mrs. Mary B. Turner died at the Holmes Sanatorium in Valdosta, Ga., on Monday afternoon at 1:30 o'clock, after a lingering illness following the death of her husband last December.

She was brought home by her son, Dr. Harry C. Turner, arriving here Tuesday night, and was laid to rest by the side of her husband Wednesday afternoon.

Deceased was a devout member of the Christian Church and will long be remembered for her good deeds. She will be sadly missed, especially by her sister who lived by her for so many years. Besides a son, Dr. H. C. Turner of Lakeland, she leaves three brothers and two sisters to mourn her loss, viz: Messrs. W. C. and J. G. Beville of Arredondo; R. L. Beville of Stuart, and Mrs. R. W. Hall of Arcadia and Mrs. O. J. Farmer of Bronson. These have the deep sympathy of many friends.

Her loved ones who mourn should remember that she is not dead, but is merely separated from them because she has entered into that rest that is promised the people of God.—Bronson Times-Democrat.

Death Was in the Milk.

Dr. Romero, health officer of Jacksonville, is after impure and diseased milk in that city. He showed a bottle of milk to the city council, and this is what he said:

"In this bottle," said the Doctor, holding the gruesome object up in plain view, "there is not only enough tuberculosis germs to kill the strongest baby in a short time, but the drinking of it would also have a like effect on a strong man or woman. This bottle was found within three blocks of this place, and although I do not think tuberculosis is general among the dairies which sell milk in Jacksonville, it is but one of many illustrations of the necessity of making careful tests as often as possible."

WALDO WON FROM ARCHER.

Game Was Sprinkled With Numerous Errors from Start to Finish.

From Friday's Daily Sun:

Quite a crowd was present at the ball park Thursday afternoon to witness the game between Waldo and Archer, and those present seemed to enjoy the contest immensely. Both clubs had a delegation of rooters with them, among them being a number of ladies from each town, but the crowd from Waldo were in the majority and did what they could to help their boys win the victory, which they did by a score of 8 to 7.

The game was started with Archer at the bat, and they succeeded in getting one man over home plate. In Waldo's half there was nothing doing.

Archer did not score again until the fourth, but the boys from Waldo tallied once in both the second and third, and two in the fourth. This made the score 4 to 2, and the Archer fans were deeply worried about this time, as there was no counting on either team during the fifth and sixth sections.

In the seventh the Waldo aggregation seemed to go in the air, as three runs made by Archer with but one hit. In their half of the seventh Waldo made two, putting them ahead of the game.

Archer then made two in the eighth to Waldo's one. In the ninth Archer didn't score, while Thompson for Waldo made the winning run.

The game was well worth witnessing up to the seventh inning, but after this it seemed to be anybody's "meat," as errors were made by both teams at an alarming rate.

The battery for Waldo was Prewitt and Harvey, while Coleman and Epperson did the heavy work for Archer. Both batteries did fairly well, but had very poor support on the infield.

Hicks, Thigpin, Cauthen and Johnston for Waldo fielded their positions in a creditable manner, while Prewitt did good work in handling a number of grounders that came his way. The batting of Willie Jolly of Waldo is also worthy of mention, he getting three hits out of four times up. He is nothing but a mere lad, in short pants, but he played good ball, both in the field and with the stick. For Archer, Bailey Willis acquitted himself creditably in left field.

High Springs 3, Fort White 2.

One of the prettiest and fastest games of baseball ever played in High Springs was pulled off last Friday, in which the locals defeated the Ft. White team by a score of 3 to 2.

Witherspoon for the locals played first base like an old veteran. Davidson on second showed up well, and proved to all that he knew the game. Nelson covered the third sack and made an excellent showing. Doney on short was all that could be wished for, playing an errorless game throughout. Easterlin pitched the game of his life, holding the visitors down in fine shape. McKay's catching was superb. Eubanks, Jordan and Ray, the star bolder for the High Springs Giants, played their positions in fine form.

Sparkman was in the box for the visitors, and pitched a clean, steady game; but the Giants were in fine form, and the heavy batting they did could but end in victory.

The game was highly appreciated by all present, and it is hoped that the boys will continue, and give High Springs some real league ball, and with as much success as that which crowned their first efforts.

Umpire—Osteen. Time of game—1:45. Attendance—200.—High Springs Messenger.

NEXT SEASON'S CROP WILL BE HEAVY ONE

Truckers Along Tampa and Jacksonville Railway Are Busy Preparing.

ACREAGE WILL BE VERY LARGE

Many Planters, Encouraged by Increasing Prosperity Outlook, Will Increase Acreage for Coming Crop, and Expect to Get Good Returns.

From Saturday's Daily Sun:

Indications from points along the Tampa and Jacksonville railway, between Gainesville and Fairfield, especially in the vicinity of Tacoma, Wacahoota and Rocky Point, are that the next crop of vegetables will be a large one, as all truckers are busily engaged in preparing their land, and many are making arrangements to plant an extensive acreage. This is probably due to the excellent good prices anticipated during next season, together with the fact that a larger acreage could be cultivated at comparatively small additional expense.

The last season's yield in this section was heavy, and the railroad was taxed to its utmost to handle the crop. Improvements will be made in the service, however, and transportation the coming season will be an easy matter.
